

## ERRATA

To avoid ambiguity, text in the book is referenced via highlighting.

- p. 10 `Figure 2.1` in the caption of Figure 1.3 would more naturally read `Figure 1.2`, despite the content of Figure 2.1 being identical to that of Figure 1.2. (Thanks to Ian T. Foster.)
- p. 12 `Figure 1.4` in the caption of Figure 1.5 should read `Figure 1.3` (Thanks to Mengjia Zhu.)
- p. 17 `marginalizing  $\mathbf{x}' \setminus \mathbf{x}$`  should read `marginalizing  $\phi' \setminus \phi$`  (Thanks to Christopher Yeh.)
- p. 90 `tenant` should read `tenet` (Thanks to GitHub user dothit.)
- p. 199 `generalized adversarial network` should read `generative adversarial network` (Thanks to Louis Tiao.)
- p. 228 `lemma 5` in footnote 46 should read `theorem 5` (Thanks to Kaiwen Wu and Jake Gardner.)
- p. 229  `$u_i \leq u_i^*$`  should read  `$u_i \geq u_i^*$` . The following text is correct and consistent with the corrected claim. (Thanks to Christopher Yeh.)
